Juve Handbuch 2013/2014

Dietmar Lampe is specialized in construction and real estate law and has many years of practical experience within this field. Following his admission to the bar in 1988 he represented and advised property developers, real estate companies, construction companies as well as municipalities in the areas of construction and real estate law. From 2000 – 2014 Dietmar Lampe worked for the law firm HFK Rechtsanwälte LLP, first in Frankfurt and from 2006 onwards in Hamburg where he established and headed the local new office of HFK Rechtsanwälte. Since the 1 July 2014 Dietmar Lampe works for AGS Legal and manages its local office in Hamburg.

Focus of Dietmar Lampe's work is mainly the management and handling of major construction and infrastructure projects. He furthermore has in depth experience in the areas of the development, realization and marketing of urban and other real estate projects. His experience is emphasized by numerous publications and talks on construction law topics. He is i.a. co-author of the book "Projektmanagement für Infrastrukturprojekte" of which he wrote the section in contract management. Moreover, Dietmar Lampe is Chairman of the Hamburger Baurechtstag e.V. and member of the expert committee consulting of the Hafentechnische Gesellschaft e.V.

Projects (selection):

- Elbphilharmonie Hamburg: providing all-encompassing legal advice to the municipality of Hamburg, respectively its project companies (anti-claim-management/defending against claims for additional time and costs)
- Schul- und Universitätsbau Hamburg: providing legal advice to the principal with regard to the handling of construction projects, representation in judicial proceedings
- Federal Waterways and Shipping Administration: providing legal advice to the principal with regard to the contractual arrangement of construction contracts and tender proceedings, representation in judicial proceedings
